Walk with Ease Program

Walk With Ease

The Arthritis Foundation Walk with Ease (WWE) program is designed to help people living with arthritis better manage their pain and is also ideal for people without arthritis who want to make walking a regular habit. Led by a certified Arthritis FoundationPeer Leader, this program has been shown to reduce pain and increase balance and walking pace. The six weeks WWE program, participants are encouraged to walk three times a week.

Participants can find parks and trails by visiting the Virginia's Arthritis Friendly Parks and Trails Map.

In the **Self-directed** format, participants read the WWE book and walk on their own. Offered at no cost to anyone who can be on their feet for 10 minutes without increased pain.
